AGMA Foundation Scholarships – Application

It is my understanding that this scholarship is intended for the purpose of helping me complete an undergraduate or graduate program that may lead to a career in power transmission. The funds will be paid directly to the University on my behalf, to pay for tuition, books and other appropriate expenses related to the costs associated with achieving a post-graduate degree.

AGMA Foundation Scholarships – Application

Required Support Materials

In order to be eligible, you must include the following support materials as part of your application:

- 1) A signed letter stating your intellectual interests, your activities and employment (if any), and the engineering career that you expect to follow. (This statement shall not exceed 1,000 words in length and should be typed in as simple and concise manner as possible.)
- 2) A statement of proposed program of study signed by the Dean or an authorized official of the College or University in which study is to be completed. Include a brief description of each course taken, or planned, in order to pursue the degree named in the application.
- 3) Official copies of transcripts of all your University course records, certified by the Registrar or other authorized official.
- 4) Letters of recommendation from two persons. It is preferred, but not required, that one of these letters be from a course related to power transmission technology. (References are to be e-mailed directly to foundation@agma.org or faxed to 703-684-0242.)

A statement of financial need, if applicable.

The application and support materials, including copies of the applicant's transcripts and letters of recommendation must be received electronically in the AGMA Foundation's office no later than 5:00 pm ET, Monday, July 9, 2012. Email all information to foundation@agma.org or fax transcripts and letters of agreements only to (703) 684-0242.

Questions may be directed to Sandra Detwiler, Executive Director, at AGMA Foundation at (703) 838-0065 or detwiler@agma.org.
